PROFILE

Aspiring DevOps Engineer with hands-on training in AWS, Linux, Networking (CCNA), and DevOps technologies. Competent in developing automation, CI/CD pipelines, and cloud infrastructure. Seeking a role to utilize my technical expertise in designing and building scalable systems. Self-motivated, collaborative, and ready to drive technical efficiency.

WORK EXPERIENCE

ITCurator/Website & Operations Support

05/2022 – 12/2023

Basavasamithi.org

Bangalore

BasavaSamithi.org 🔗

- Supported website administration and content management using the WIX platform.
- Assisted in data collection, organization, and reporting workflows.
- Worked with Razorpay integration for online payment processing.
- Helped maintain e-commerce inventory records and product information.
- Contributed to improving website functionality and user experience.

TECHNICAL SKILLS

Programming Languages

C, Python, C++

Devops Tools used

Jenkins, Docker, Kubernetes (Basics)

Infrastructure as Code

Terraform

Monitoring & Logging

AWS CloudWatch

Linux Administration

User Management, File Permissions

Operating System worked on

Linux (Ubuntu, Amazon Linux)

Windows XP, 7, 8, 10,

Version Control

Git, GitHub

Cloud Platform

AWS (EC2, S3, VPC, IAM, Auto Scaling, AWS Glue, Athena, RDS, API Gateway, Lambda, CloudFront, Cognito)

Networking

TCP/IP, DNS, DHCP, Subnetting, CIDR, VPC Networking, Routing & Switching, Network Security Groups

Core Competencies

AWS Cloud Computing, Infrastructure as Code (IaC), CI/CD Pipeline, Automation, Linux Administration, Docker Containerization, Terraform, Jenkins, Git & GitHub, Cloud Security, Monitoring and Logging, Networking, Serverless Computing

PROJECT

Secure File Sharing with S3 and CloudFront

Services: Amazon S3, CloudFront, IAM, Lambda@Edge

Description: Built a secure file-sharing solution using Amazon S3 and CloudFront with signed URLs, enabling controlled access to files while implementing IAM-based security policies and CDN optimization.

Skills: AWS S3, CloudFront, IAM, Lambda@Edge, Secure File Access, CDN Configuration, Cloud Security

Data Lake Implementation using AWS Glue and Athena

Services: Amazon S3, AWS Glue, Amazon Athena, IAM

Description: Designed and implemented a serverless data lake architecture using Amazon S3, AWS Glue Crawlers, and Athena to catalog, query, and analyze structured datasets while enforcing secure IAM-based access control.

Skills: Data Lake Architecture, AWS Glue Crawlers, Amazon Athena, Serverless Analytics, Data Cataloging, IAM Security, S3 Storage.

AWS Cost Monitoring & Budget Alerts Services

Services: AWS Budgets, Cost Explorer, Lambda, SNS, SES, CloudWatch

Description: Developed an automated AWS cost-monitoring solution that tracks cloud spending and sends real-time budget alerts through SNS and SES notifications when predefined thresholds are reached.

Skills: AWS Budgets, Cost Optimization, CloudWatch Monitoring, Lambda Automation, SNS, SES, Cost Governance

AWS CI/CD Web Deployment

Services: EC2, GitHub Actions, IAM, Linux Systems

Description: Automate the continuous integration and continuous deployment of a web application to an AWS EC2 instance using a GitHub Actions runner triggered by branch updates.

Skills: CI/CD Pipelines, GitHub Actions Automation, Linux System Administration, Secure SSH Key Management, Cloud Security Access Control.

ACADEMIC QUALIFICATION

B.E Information Science and Engineering

AMC Engineering College

Board/University: VTU Percentage (Aggregate): 74.02

08/2013 – 06/2017

Bangalore

12th

Vijaya Main College

Board/University: PUC Percentage (Aggregate): 76.33

05/2011 – 04/2013

Bangalore

10th

Good Shepherd School

Board/University: SSLC Percentage (Aggregate): 89.12

06/2010 – 04/2011

Bangalore

COURSES

Devops and AWS cloud computing Training

Besant Technologies

- Gained hands-on experience in Linux, AWS, and DevOps tools including Docker, Terraform, Jenkins, and Git, focusing on CI/ CD and infrastructure automation.
- Worked on cloud-based projects involving EC2, S3, IAM, VPC, RDS, and CloudFront.
- Worked on real-time scenarios involving cloud deployments and automation, which strengthened my practical understanding of DevOps practices and contributed to my transition into a Cloud Engineer role.

03/2026

Bangalore

CO-CURRICULAR ACTIVITIES

Attended Java workshop.

2015

Bangalore

EXTRA-CURRICULAR ACTIVITIES

Participated in science talent exam and won a gold medal in state level.

2010
